

# Aqua Meds Health Care Kit

## Treats parasites and helps prevent bacterial infections Spring, Summer and Fall

Microscopic parasites and the deadly bacteria "Aeromonas/Pseudomonas" in your pond water are two of the biggest causes of pond fish sickness and deaths. They can attack your pond fish at anytime. Our Aqua Meds® "Health Care Kit" can be used anytime during the season to protect your fish from this deadly attack. A "Spring Treatment" starts your fish off right for the pond season. A Fall Treatment right before you put your pond fish to sleep for the long winter makes sure they are free from parasites and bacterial infections is a very good practice.

The "Step by Step" instructions included in the "Kit" make it easy to treat your pond fish anytime for parasites and bacterial infections.

**Plus**, the "Kit" includes the number one most popular "Aeromonas/Pseudomonas" bacteria treatment in the U.S., Aqua MedZyme™ Dry.

### Aqua Meds® "Health Care Kit" Includes:

**3 pounds of Medi-Koi** to help cure bacterial infections caused by "Aeromonas/Pseudomonas" in your koi pond

**1 pound of Aqua MedZyme DRY** to greatly reduce the "Aeromonas/Pseudomonas" in your koi pond

**25 grams of Aqua Prazi** for a gentle koi pond treatment of deadly gill and body flukes

**32 ounces of TERMINATE** for treatment of microscopic parasites: chilodonella, costia, trichodina and many more

### *Now Here's the Best Part:*

Our Aqua Meds® "Health Care Kit" also includes "Step by Step" easy to follow instructions for koi and pond treatments, such as the best pond water temperatures, when, how much and in what order to use the medications. Plus, we'll share with you health tips that are very simple to follow, that will help you maintain strong, happy pond fish and a healthy koi pond for the entire koi pond season.
